Replacement Sheet

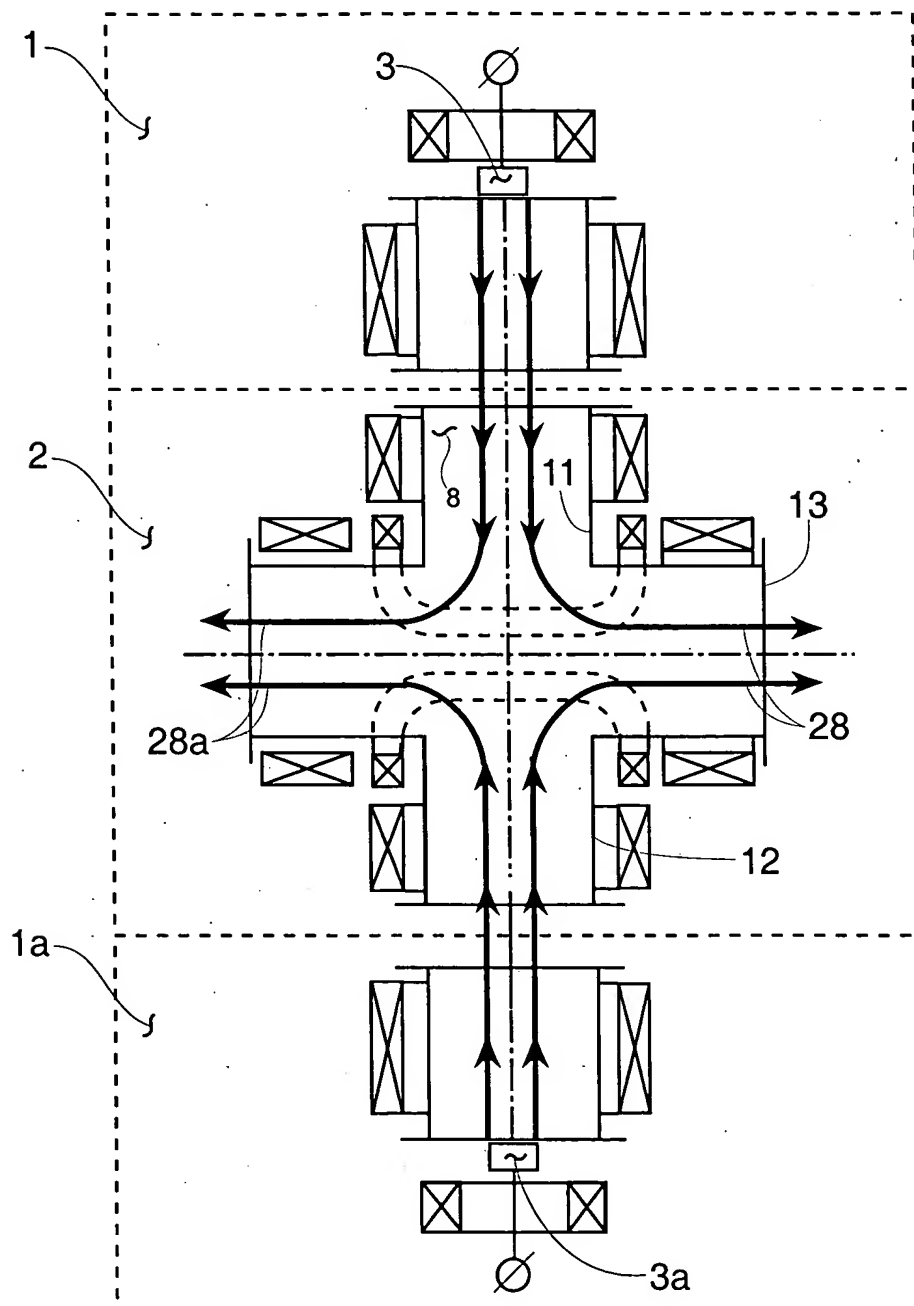

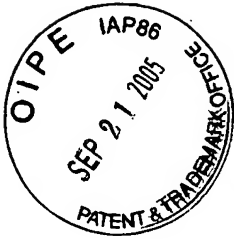

Fig. 9b

The diagram illustrates a hydraulic system 1a, which is a part of a larger system 1. It consists of two parallel hydraulic units, 1 and 2. Each unit contains a pump 3, a valve 3a, and a cylinder 2. The units are connected to a common manifold 9, which is further connected to a valve 9a and a cylinder 12. The system is controlled by a valve 28 and a cylinder 29.
